Read the following passage and answer the questions.

A Different Kind of School

Does your school look like most other schools? Do you and your friends all study the same kinds of subjects? Would you like to go to a very different kind of school?

Harry Potter attends a school called Hogwarts. Hogwarts is not like your school. Your school probably looks like an ordinary building. Hogwarts is in a castle. You and your classmates are probably ordinary people. The students at Hogwarts are witches and wizards. You and your classmates probably study ordinary things like science, math, and language. The students at Hogwarts study magic. They learn how to become invisible. They read books about monsters. During recess, they play games on brooms.

In some ways the students at Hogwarts are like ordinary students. They have to do homework, and at the end of the school year they have to take exams. Hogwarts is not
